## THEY DON'T JUST LISTEN. THEY DO IT.

Students build a personal **Adulthood Toolkit** on their own phones — their free credit report, a real W-4, the IRS withholding estimator, budgeting and car-loan tools — and walk out still holding it.

## ABOUT LORIANN

LoriAnn Romanowski spent six years as a corporate trainer at Merck Pharmaceuticals, teaching US and global teams to make sense of dense material they had to actually use. Before that she spent three years giving career and cost-of-living presentations to high school students across Pennsylvania, New Jersey, and Delaware. She is a Court Appointed Special Advocate for children and holds current Pennsylvania clearances. She built *Skills, Thrills & Bills* around everything her own three kids, now in their twenties, told her they wished they had known earlier.
